

Baja Mission 4000 Series

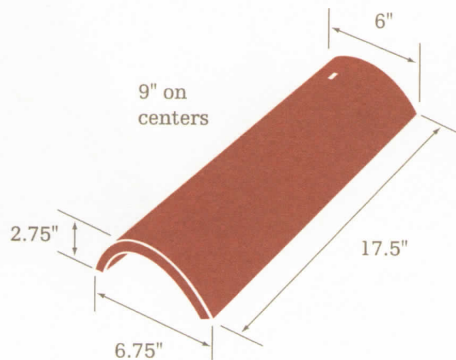

4241,4243,4271: Castellina Blend Santa Monica, CA

With its refined surface finish, Redland's two-piece Baja Mission tile is an aesthetically attractive, smaller profile that is suitable for the variety of styles inspired by the indigenous architecture of the Mediterranean. Baja Mission's clay colors range from classic terra cotta to soft peach and buff. Its palette also includes flashes of darker adobe browns and sandstones to accentuate the range of colors that comprise this tile's expansive palette.

Baja Mission Sandcast 4300 Series

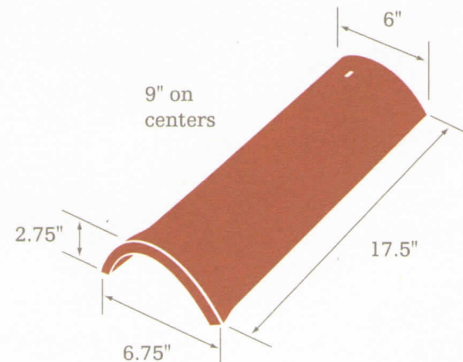

4395, 4351, 4343: Casa Vieja Blend Rancho Santa Fe, CA

Baja Mission Sandcast is a smaller tile hand-finished with a rustic mud wash. While the clay is still wet the visible leading edge is pressed to create a thumb-butt which expresses the craftsman's signature. Inspired by the pastoral regions of Italy and Spain, Baja Mission Sandcast enhances historic old-world styles. It's palette is similar to Baja Mission's yet it also includes flashes of dark, mossy-greens, pinto golds and sandstone.
